

# Finding a student

## R&D Experience Grant

### Looking for a student for your R&D Experience internship?

The next step for a business that has been approved for an R&D Experience Grant with Callaghan Innovation is to recruit an eligible student. The listed organisations can assist you with finding the right student for your R&D project. See the [R&D Experience Grant page](#) for information on student eligibility and the [Student Grant FAQs](#) for more information.

**NZUniCareerHub** is a recruitment platform giving you direct access to enrolled students and alumni from 7 out of the 8 major New Zealand Universities. Owned and operated by University of Auckland, University of Canterbury, University of Otago, Auckland University of Technology, Massey University, Lincoln University & Victoria University of Wellington. To register your details and advertise your placement go directly to [www.nzunicareerhub.ac.nz](http://www.nzunicareerhub.ac.nz). For more information contact the hub at [info@nzunicareerhub.ac.nz](mailto:info@nzunicareerhub.ac.nz) and on 0800 698 644.

**Industry Ready** helps companies find the best engineering students for internships, post graduate research positions, graduate positions, or part time work experience. No need to sieve through hundreds of irrelevant student CVs, save time and money and let Industry Ready do the hard work for you. You will be matched with students that fit your company values and requirements and with online pre-recorded interviews and students from over 25 different engineering fields, you can be assured of finding the right student for your business. Industry Ready works as a subscription service and you can register for FREE to start to see potential matches immediately. Register at [www.jrtindustryready.com](http://www.jrtindustryready.com) or get in touch at [info@jrtindustryready.com](mailto:info@jrtindustryready.com).

**Summer of Tech** helps employers source well-trained, work- ready, highly skilled IT and digital students for your business. Registered employers can use the skills-based search to find an intern from 3,000+ tertiary students and graduates from throughout New Zealand with backgrounds in software and app development, testing, design, business analysis, data science / analytics, HR, marketing, and more. Visit [www.summeroftech.co.nz/](http://www.summeroftech.co.nz/) for more information.

**The University of Waikato** will advertise your opportunities free of charge via their internal student job boards and will assist in effectively selecting suitable engineering students for you. Visit [www.waikato.ac.nz/work-integrated-learning/home](http://www.waikato.ac.nz/work-integrated-learning/home) for more information or email [hecs-wil@waikato.ac.nz](mailto:hecs-wil@waikato.ac.nz) or call 0800 WAIKATO.

**Auckland University of Technology's AUT InterNZ** is a free, on-campus recruitment service. Recruitment professionals work with employers to understand their requirements for technical skills and cultural fit and provide a shortlist of candidates who best fit their needs. Contact Rachel Shareef on 09 921 9231 or [rachel.shareef@aut.ac.nz](mailto:rachel.shareef@aut.ac.nz) to talk through the candidate requirements for your position.

**University of Auckland's MyCDES Job board** can help you develop your organisation's talent pipeline through internships and work experience. Whether you have a one-off, entry-level opportunity, a summer internship, or a structured graduate programme, they can promote this to the right students. Visit [University of Auckland website](#) for more information or contact the **Employer Engagement Team** at [employerservices@auckland.ac.nz](mailto:employerservices@auckland.ac.nz)

If you provide a service to employers to find student interns (at NZQA level 7-10) and would like to be added to this information sheet, please email [FCMOperations@callaghaninnovation.govt.nz](mailto:FCMOperations@callaghaninnovation.govt.nz)
